

BELT DRIVEN INDUSTRIAL AIR COMPRESSORS "AB" SERIES

The AB series of air compressors have been designed to be durable, low maintenance and trouble free, incorporating modern design and materials. Built by **FIAC ITALY** for the Australian market .

FEATURES

- : Belt Driven
- : Twin Cylinder
- : Low noise level
- : Low Pump R.P.M
- : Oil Level View Glass
- : Synthetic Oil To Ensure Better Lubrication
- : Upgraded Air Cooling
- : Cooling Manifold, Standard On All Models
- : Balanced Motor, Tank , Pump combination
- : Powder Coated Tank
- : Air Regulator Fitted As Standard
- : Pressure Switch With Manual Reset
- : Built In Thermal Cut Out
- : 12 Month Warranty
